

SOPEP-Marine Spillkit

Description

This large Marine Spill Kit, known as SOPEP Spill Kit is fully compliant with regulations for onboard spill containment and recovery equipment. This kit are available in 500-1200 liters and includes storage of recovered oil, plus the absorbents to allow the recovery in an emergency. Unlike many of the SOPEP spill kits available on the market, ours will not only hold the quantity of oil, but also have enough absorbents to allow recovery of this amount of oil.

APPLICATION

Wheel these huge totes through standard-width doors to get to spill areas quickly. Use these restockable spill kits to clean up large spills.
